HEALTH & LEISURE CLUB

Sauna & steam room, *renewed.*

We're carrying out a full refurbishment of the sauna, and fitting a new glass front to the steam room. Here's exactly what's happening and when, done in stages so the club can stay open as much as possible.

SCHEDULE OF WORKS

24–28 August

All poolside facilities, including the pool, spa bath, sauna and steam room, will be closed while the initial works take place, along with the patio area and pergola. The changing rooms, gym and reception area will stay open as usual.

Sauna refurbishment **3 DAYS · TBC**

Everything reopens on 29 August, but the sauna stays closed a little longer for its refurbishment, finished off with a brand-new glass front. Once the glass arrives, we'll close for 3 days to fit it, and steam room works will begin at the same time. We'll confirm the exact dates as soon as we have them.

Steam room glass fitting **1 DAY · TBC**

Once the steam room's glass is ready, we'll close for a single day for the final fitting, and both facilities reopen looking better than ever.

BARTON

COAST

CLUB

TRAIN ♦ RECOVER ♦ RESTORE

Over the coming weeks and months, you'll gradually start to see a change of name and look across the club.

Everything else stays just the same: the same facilities, opening hours and friendly faces you know today.
